

To The Warden  
Sone -A , Sone B , kosi Extension  
Hostel NIT Patna Ashok Rajpath  
Patna(800005).

Subject :- Regarding Improvement in Quality of Food in Mess.

Respected Sir.

It is extremely regretting to sat that the food quality given in Mess of hostel is very poor .Here are some complaints regarding your Food:-

1.Food is the extreme requirement of survival and for good working of mind to study there is requirement of all nutrients: proteins , vitamins , fats , carbohydrates , minerals etc. So one needs good quality food to do hard work and to study well.

2. Many students are facing a lot of stomach related problems due to the fact that the quality of stuff(food materials is very low) besides that there is degraded quality in food being made here. Potatoes with peels and there is no Improvement in Quality of Food.

3.. Bread is not roasted or heated on a tawa. We are eating raw bread with a little piece of butter being applied by ourselves on it. When we go to demand for some extra butter they clearly deny us to give more.

4.. There is no self service. What quantity they are giving we are required to eat within the bounded limits and it is very wrong because sometimes we are not able to fill our stomach full and we remain hungry.

5. When bread pakoda ,papad , chola bhatura , sewaiyya, kheer is made they give us only one time and deny us these things when we demand the same thing again. Only 2 bread pakoda, Only one papad and only 2 bhaturs are given in the mess . They have set up a bound on such things.

6. Please take a strict action as soon as possible and experiment , inspect the quality of Food being given here. We all want good food with good quality and no boundation on eating the food on a student.

Hoping for positive reply as soon as possible. Please do reply.

Thank you  
Yours Sincerely  
All Students NIT Patna Hostel.
